Open to Relocation / Tallinn-based roles

PROFESSIONAL SUMMARY

Support and operations professional with 4+ years in high-volume customer-facing environments. Strong understanding of how users get help, describe issues, and move through chat, self-serve, and human-assisted flows. Worked closely with the Customer Support manager on process improvements, tooling feedback, and player journey fixes across regulated markets.

Daily user of Intercom, Zendesk, Jira, and Confluence. Used to balancing quality of support with speed and operational efficiency. Fluent in English and Finnish.

CORE SKILLS

Support experience: Help & intake flows · Live chat · Case escalation · Self-serve awareness · Player journey mapping · Quality vs efficiency trade-offs

Cross-team delivery: Collaboration with CS management · Product / ops feedback loops · Jira tickets & bug reports · Process documentation · Stakeholder updates

Tools: Intercom · Zendesk · Jira · Confluence

WORK EXPERIENCE

Senior Customer Operations — Glitnor, Malta

August 2023 – Present

- Work in a high-volume support environment covering registration, payments, bonuses, account access, and withdrawals across multiple markets.
- Partner closely with the Customer Support manager on day-to-day operations, process gaps, and improvements to how cases are handled and escalated.
- Map and improve player journeys when something breaks — from how the issue is raised to how it gets routed and resolved.
- Raise product and tooling feedback in Jira and follow cases through with clear Confluence notes.
- Use Intercom and Zendesk daily; feed real agent and user pain points back to management and related teams.
- Balance user experience with operational reality — spotting where clearer routing or self-serve would reduce repeat contacts and cost to serve.
- Coordinate with payments, compliance, CRM, VIP, and product when support issues need a cross-team fix.

Game Presenter / Help Desk — Evolution, Malta

June 2022 – July 2023

- Supported live casino users under pressure; handled help desk queries and escalations.
- Flagged recurring experience issues to operations and support teams.

Courier — DHL, Finland

2018 – 2022

- Customer-facing delivery role with independent ownership of daily targets and on-the-spot problem solving.

EDUCATION

Kajaani University of Applied Sciences — 2020 – 2024
